MYSTERY PRIZE - CANS

Joe Campanelli

An excellent day with good scores registered and the handicapper grinning as he tallied the scores - 50 points!, and the winner blamed it on his new clubs. What would he have scored if he played with a set he was used to? Longest drive as well!!

Spy was watching closely and remarked - His short game obviously needed a bit of practice as he didn't win nearest the pin.

Congratulations also to the other place getters, Steve and Kelvin - excellent scores - sorry about the handicapper's pencil.

The club again lost money on the day due to non attendance - your committee will attend to the matter. Remember - Cancellation requires five days notice or payment of fees!!!

HIGHLIGHTS OF ROUND

Puttercam was in use as promised and recorded some interesting action. Spy also assisted but was limited in his recording when he fell in the creek and wet his notepad - STIFF! BORIS!

CHAINSAW CALLEN attempting to negotiate the fairway on the 5th - where two big trees called the shots - Spy informs me he wasn't the only one to hit trouble.

STEPHEN CLARK played his second shot from behind the tee - a case of the inbound ball exceeding the outbound ball. Hard to play.

MIKE LANGLEY - Clever lad - up the 6th fairway in sheer terror having seen the trees jump into the way of his partners shots. Spy thinks he said FORE to this innocent chap who happened to be using Mike's fairway.

CHRISTIAN CALLEN reached the green in one - Don't worry about the trees dad.

STEVE CROMB announcing he could smell a snake on the 10th. The handicapper was a bit peeved until he realised Steve was talking about the "faanged one". A desperate search was carried out and uncovered an old 8 iron, a broken tee, two club members lost since Saturday and spy, who was lurking in the bushes. A false alarm, but it was noticed Steve walked backwards for the next two holes.

STEVE WILLIAMS and KEL LINEHAN attempting to put in two cards - The handicapper had them on 76 and 74 points respectively before he realised the minor discretion.

JOHN DREW'S eagle on the 18th - an excellent 2nd shot followed by a 15 foot putt - Its on camera.

The longest drive trophy appears to be lost.

STEVE WILLIAMS pretending he can cook. It was very tasty so perhaps he can.

The handicapper slowing down his scoring when he appeared to be challenging for the lead. Admirable but a bit wimpish - Spy will make the necessary adjustments.

DON GEE nearest the pin shot on the 15th - 11.1472 inches from the hole and an excellent putt for a birdie.

The excellent barbeque provided by the club after the game and the social interaction of members - good to see a fitting end to a great day - well done organisers!!!
