Another excellent day with good scores again registered, despite the high wind. Congratulations to Ian and the placegetters - Top effort.

Two players qualified for "Bandit" status -
Craig McKay - Winner of two prizes.
Steve Cromb - 2nd consecutive placing.

Spy informs me that the handicapper has now purchased a red biro - I think the party is over.

HIGHLIGHTS OF THE ROUND

STEVE CLARKS daks.

JOHN MILLERS reputed 25 shots from an obviously disguised bunker - spy informs me two throws were not included.

SCOTT NICHOLAS Playing the same bunker - only eight shots. Putter cam failed at this stage due to a severe case of "sand in the lens."

MORE SAND - Gordon Wilson with another energetic display of sanding the green - spy was in lurking mode and recorded that he was forced to putt with a sand iron.

DARREL THIELE opealy offering the handicapper \$25.00 and then blatantly attempting to convince us it was for annual fees.

DAVID STEWART and IAN CALLEN talking in South Africaa.

The secret practice session held on the tee overlooking the bay - four "grown ups" belting balls into the sea. Spy told me the handicapper was involved and had said he didn't "practice."

SHANE and DARREL pretending to buy groceries at the driving range - We dont practice either!!

Who has advertising attached to the longest drive trophy - Obviously a matter for the committee to investigate. (Sponsorship revenue perhaps)

ANNUAL FEES

Failure to pay means possible follow up by the handicapper.
